展会综述

Exhibition Profile

中国（北京）国际砂石与建筑固废处理技术装备展览会（简称CIAE）由北京海闻展览有限公司联合行业权威机构共同打造，以推动绿色产业发展，促进经贸合作和技术交流为宗旨。近年来，以中国为代表的亚洲各国对建筑和基础设施建设投入不断加大，全球经济发展对资源的依赖性不断增强，砂石作为建筑和基础设施建设的基础材料，需求量与日俱增。曾经满山遍地的黄沙灰石如今已变成“金砂银石”。中国改革开放40年来，受国民经济快速发展影响和带动，砂石行业呈现出前所未有的发展新态势，行业规模逐步扩大，生产技术水平不断提高，整体运行质量稳步提升。特别是机制砂石产业的快速发展，使砂石的产业结构发生了重大变化，更带来了新的发展机遇和强有力的发展动力。砂石作为重要的基础建设原材料之一，随着天然砂（河砂、山砂、海砂）资源持续开采，部分地区已枯竭，机制砂石替代天然砂石已成为行业发展的必然，高效综合利用是大势所趋。砂石行业要紧随国家生态文明建设步伐，践行“绿水青山就是金山银山”的发展理念，不断提升生产技术水平 and 创新力。回顾我国砂石行业发展历程和所取得的成就，在当前市场情况下，行业运行到新的历史发展周期，同时砂石生产企业和设备供应商也将迎来新的发展机遇。

立足砂石行业发展需要，助力企业更好更快的拓展市场。北京海闻展览有限公司联合行业权威机构将于2021年5月27日在北京共同举办“中国（北京）国际砂石与建筑固废处理技术装备展览会”，展会致力于为中外展商和采购商之间搭建产品贸易、信息交流、品牌宣传的共享平台，打造专业化、规模化、国际化的砂石技术装备展览会。CIAE2021将重装亮相北京，同期举办第七届中国（北京）国际矿业展览会，诚邀您参加，携手推动行业高质量发展！

China Aggregate & Construction Waste Disposal Expo (CIAE) is jointly created by Beijing Hiven Exhibition Co., Ltd. and the industry authority in order to promote the development of green industries, and promote economic & trade cooperation and technical exchanges. Asian countries represented by China are increasingly investing in construction and infrastructure in recent years. In addition, the dependence of global economic development on resources is increasing. Aggregate, as the basic material for construction and infrastructure, is increasing in demand. The yellow sand that once covered all over the mountains and plains has now become "golden sandstone". In the past 40 years of China's reform and opening up, influenced by the rapid development of the national economy, the aggregate industry has shown an unprecedented development trend. The scale of the industry has gradually expanded, the level of production technology has been continuously improved, and the overall operation quality has been steadily improved. In particular, the rapid development of the manufactured sand industry has brought about major changes in the industrial structure of aggregate, and has brought new development opportunities and strong development momentum. Aggregate is one of the important infrastructure materials. With the continuous exploitation of natural sand (river sand, mountain sand, sea sand) resources, aggregate in some areas has been exhausted. The replacement of natural sandstone by manufactured sand has become an inevitable development of the industry. Efficient utilization is the

general trend. The aggregate industry must follow the pace of national ecological civilization construction and practice the development concept of "Green mountains and clear water are equal to mountains of gold and silver", and continuously improve the production technology level and innovation. Reviewing the development history and achievements of China's aggregate industry, the industry has ushered in a new development cycle, and production & equipment enterprises will face new market opportunities and challenges under new market environment.

Based on the needs of the development of the aggregate industry and in order to help companies expand the market better and faster, Beijing Hiven Exhibition Co., Ltd. and the industry authority will jointly hold the "China Aggregate & Construction Waste Disposal Expo" in Beijing on May 27, 2021. We are committed to building an interactive platform for product trade, information exchange, market dynamics and brand promotion for exhibitors and buyers at home and abroad, to create a professional, large-scale and internationalized aggregate technical equipment exhibition. CIAE2021 will make its new appearance in Beijing, and the 7th China International Mining Expo will be held in the same period. We invite you to participate and promote the high-quality development of the industry! We sincerely invite you to join us to create a new prosperous future and promote high-quality development of the aggregate industry!

展览范围

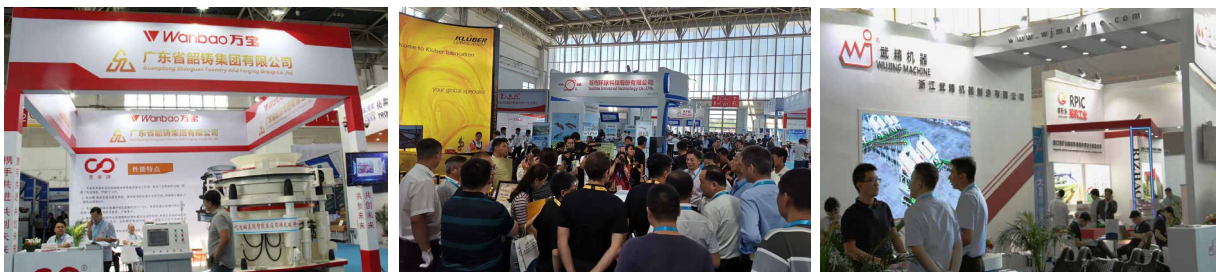

Exhibition Scope

- 开采运输设备：爆破装置、凿岩设备、钻孔机、挖掘机、抓岩机、掘进机、矿用电铲、风镐、装载机、推土机、铲运机、翻斗车、叉车、矿用自卸汽车等；
- 给料输送设备：振动给料机、叶轮式给料机、圆盘式给料机、往复式给料机、波动辊式给料机、筛分喂料机、板式喂料机等，各种新型输送机及配套等；
- 破碎设备：移动破碎站、建筑垃圾破碎机、颚式破碎机、复合式破碎机、旋回式破碎机、圆锥式破碎机、冲击式破碎机、反击式破碎机、辊式破碎机、锤式破碎机、破碎锤、碎石机、碎石生产线、新型破碎机等；
- 制砂生产线：制砂机、洗砂机、破碎机、振动筛、振动给料机及胶带传输设备等；
- 筛分粉磨设备：圆振动筛、直线振动筛、提升机、选粉机、磁选机、球磨机；
- 环保技术设备：除尘装置、通风设备、降噪设备、污水泥浆处理设备、固液分离设备等；
- 生态与综合利用：废弃矿山生态修复，尾矿处理，建筑固体废物处置再生利用技术与装备等；
- 配套及周边：焊条、齿板、边护板、衬板、耐磨件、齿轮、轴承、减震、减速机、输送带、棒磨机衬板、磨粉机配件、动颚、偏心轴、机架等备件、圆锥破备件、破碎锤配件、过滤等；
- ▼ Mining and transportation equipment: blasting equipment, rock drilling equipment, drilling machine, excavator, grab loader, road-header, mining electric shovel, pneumatic pick, loader, bulldozer, carry-scraper, car tipper, forklift, mining dump truck etc.;
- ▼ Feed conveying equipment: vibrating feeder, impeller feeder, disc feeder, reciprocating feeder, wave roller feeder, screening feeder, plate feeder, etc. and all new kinds of feeders and associated equipment etc.;
- ▼ Crushing equipment: mobile crushing station, construction waste crusher, jaw crusher, composite crusher, rotary crusher, cone crusher, vertical shaft impact crusher, impact crusher, roller crusher, hammer type crusher, breaking hammer, crusher, crushed stone production line, new-type crusher etc.;

- ▼ Sand production line: sand making machine, sand washing machine, crusher, vibrating screen, vibrating feeder and tape conveying equipment etc;
- ▼ Screening and grinding equipment: round vibrating screen, linear vibrating screen, hoist, powder concentrator, magnetic separator, ball mill etc;
- ▼ Environmental protection technology equipment: dust removal device, ventilation equipment, noise reduction equipment, sewage& slurry treatment equipment, solid-liquid separation equipment etc.;
- ▼ Ecology and comprehensive utilization: ecological restoration of abandoned mines, tailings treatment, construction solid waste disposal and utilization technology and equipment etc;
- ▼ Supporting and correlative: welding rod, tooth plate, side guard plate, lining plate, wear parts, gears, bearings, reducer, shock absorption, conveyor belt, rod mill liner, mill accessories, moving jaws, eccentric shaft, rack and so on, spare parts of broken cone , broken hammer parts, filtration etc.;

同期活动

Synchronous Activities

◆ 主办方将安排多场论坛、技术交流、产品推介及新闻发布会，欢迎广大参展商申请举办，主题自定。主办方将积极协助组织参会人员及听众，全力缔造商机。

The organizers will arrange a number of forums, technical exchanges, product introductions and press conferences. The exhibitors are welcome to organize sub-forums with self-determined theme. The organizers will actively provide assistance and organize listeners to create business opportunities with full efforts.

◆ 为配合展会召开，方便展商与采购商的交流沟通，组委会将精心编印展会会刊，面向广大砂石生产单位、应用领域及专业人士发行。欢迎各技术装备供应商积极入编。

In order to cooperate with the exhibition and facilitate the communication between exhibitors and buyers, the organizing committee will carefully compile and publish the exhibition journals for the production of aggregate production units, application fields and professionals. All technical equipment suppliers are welcome to actively participate in the compilation.

参展回报

Exhibition Returns

01 品牌宣传—扩大品牌知名度，彰显品牌力量，提升行业影响力
Brand Promotion-Expand brand awareness and strengthen industry influence.

02 商机开拓—中外专业买家亲临，高质量客户汇聚，创造无限商机
Opportunities Development -Attendance of sino-foreign professional buyers will bring unlimited business opportunities.

03 产品销售—较低的成本投入，获取订单及超高的收益回报
Product Distribution-Low-cost investment with high return.

04 客户拓展—巩固加强现有合作，开发潜在客户
Customer Cooperation-Consolidate and strengthen existing cooperation, develop and meet potential customers

05 市场观察—全面领略市场态势，清晰判断行业发展趋势
Situation Observation-Comprehensively understand the market situation and clearly judge the trend of the industry development.

06 新品发布—发布展示新产品，测试研判市场新动态
New Product Release-Release new products and test & judge new market trends.

07 平台共享—全球共商·共建·共享·共赢的行业经贸交流合作平台
Sharing Platform-Build an international economic cooperation platform of "communication, co-construction, sharing, and win-win".

08 行业交流—同期活动聚焦热点，全产业链的探讨与交流
Industry Communication-Synchronous activities focus on hotspots, and the discussion and exchange of the whole industry chain.

参展程序

Booking Process

- 认真填写《参展申请及合约》并加盖公章传真或邮寄至组委会；
Return the filled and sealed application form
- 申请得到组委会确认后，七日内将参展费用（全款或50%预付款）电汇或交至组委会；
Pay 50% or 100% of the participation fee
- 组委会收到参展费用后将出具等额发票及《参展指南》邮寄给展商；
The Organizing Committee provides the Invoice and the Exhibitor Manual
- 展位分配根据：先申请、先付款、先安排为原则。
The booth reservation principle is "First Apply, First Pay, First Reserve"
